

Beginner Debate:

Teachers: Anna Xie and Prachi Gyanmote

Class Description: Speech & debate is an interactive, public speaking class designed to teach your child essential elements of both speech and debate, including how to speak eloquently and confidently, how to answer rebuttals quickly, how to ask questions that challenge opponents, how to research effectively, and gain an increased awareness of our world. This class covers the basics of public speaking and is best suited for beginners who are looking to start exploring the world of speech and debate.

Advanced debate:

Teachers: Anna Xie and Prachi Gyanmote

Class Description: Advanced debate is an extension of our beginner debate class. With a strong foundation and knowledge of basic concepts, students will focus on argumentation and participate in mock debates with each other, as well as continue working on improving their public speaking, writing, research, and questioning skills. This class is perfect for those who have already taken a debate class in the past and are looking to become a more experienced debater.
